2019 PROGRAM ENHANCEMENTS

Actions in 2019:

In 2019, GEO implemented the following actions to enhance the prevention and detection of any incidents and to enhance responses to allegations of sexual abuse and sexual harassment:

- Corporate Enhancements
 - All GEO PREA policies were reviewed and updated to incorporate procedures for enhanced tracking of potential victims and abusers following reported allegations in all facilities, protocols for offering follow-up mental health services to residents in community confinement facilities, guidelines for conducting unannounced rounds and time frames for medical and mental health employees to complete required specialized training.
 - The Contract Compliance Department, in consultation with the Office of Professional Responsibility, implemented an investigation “short form template” for inmate and staff allegations to decrease the amount of time to finalize an investigation report and to maintain consistency between departments.
 - The Contract Compliance Department assigned a corporate PREA manager that serves as a single point of contact for each facility. The PREA manager will facilitate investigations, audits, and PREA compliance for facilities under GEO’s operational control.
 - A third-party PREA reporting hotline and email address were added to the third-party reporting signs: the hotline and email route to the corporate PREA contract compliance team. A third-party reporter is someone who reports sexual abuse and harassment but is neither the victim nor abuser. The third-party reporting signs were standardized GEO-wide.
- Training and education of employees, contractors and volunteers
 - One corporate PREA manager attended DOJ PREA Auditor Refresher Training in January and August 2019.
 - User training on reporting and navigation in the PREA database was provided to all newly assigned PREA compliance managers in U.S. Secure Services, Residential Reentry and Youth Services.
 - Employees, contractors and volunteers received annual PREA in-service training in accordance with established GEO PREA policies in 2019.
 - 68 employees from U.S. Secure Services, Residential Reentry and Youth Services received PREA Specialized Investigations Training facilitated by the corporate PREA coordinator to enhance skills in dealing with victims of sexual abuse.
 - Training continued for new hires and in-service.
- Assessment of Physical Plant Issues at Facilities
 - Annual PREA Facility Assessments were conducted in all GEO U.S. Secure Services, Residential Reentry, and Youth Service facilities to identify areas needing improvement to enhance the company’s ability to protect inmates, detainees, and residents from sexual abuse and sexual harassment. All recommendations for enhancements were submitted and reviewed by the corporate PREA coordinator and appropriate divisional authority. To enhance supervision of facility blind spots, 8 facilities added additional video monitoring cameras, 18 facilities recommended adding/updating camera surveillance monitoring systems, 7 facilities added dome security mirrors, and 3 facilities recommended adding dome mirrors. In addition, 1 facility added signs on doors in areas where no residents are allowed, 1 facility recommended additional PREA investigators, and 1 facility recommended dimmed nighttime lighting.
