2020 PROGRAM ENHANCEMENTS

Actions in 2020:

In 2020, GEO implemented the following actions to enhance the prevention and detection of any incidents and to enhance responses to allegations of sexual abuse and sexual harassment:

- **Corporate Enhancements**

- All GEO's PREA policies were reviewed, and the zero-tolerance policy and PREA investigations procedure were updated. The zero-tolerance policy was revised to standardize terminology used by GEO with the PREA standards. The PREA investigations procedure was updated to clearly delineate GEO staff and law enforcement entities' responsibilities following PREA allegations.
- A revised procedure for tracking investigations was implemented at the corporate, regional, and facility levels. PCMs, regional directors, and the corporate PREA team receive monthly reports of open PREA investigations. This increased oversight facilitated the timely closure of investigations.

- **Training and education of employees, contractors and volunteers**

- PCMs were provided with a PCM Orientation Guide to support them in carrying out their duties implementing the PREA standards. The guide complements GEO's PREA policy, the PREA standards, and provides PCM's a basis for understanding how GEO incorporates the PREA standards into its written policies.
- A Specialized PREA Investigation Training course was developed and incorporated into GEO's learning management system. Each PREA investigator candidate must complete a practical writing exercise where a corporate PREA manager reviews an IISA/RRSA and an SRSA/SRSA investigative report before receiving an investigator's certification.
- A Specialized Medical and Mental Health PREA Training course was developed and incorporated into GEO's learning management system.
The course focuses on:
 - Detecting and assessing signs of sexual abuse and sexual harassment;
 - Identifying and preserving physical evidence of sexual abuse;
 - Respond effectively and professionally to victims of sexual abuse and sexual harassment; and
 - Reporting allegations or suspicions of sexual abuse and sexual harassment.
- The corporate PREA team attended the American Correctional Association Conference in San Diego, CA. One team member attended DOJ PREA Auditor Refresher Training and the rest participated in PREA workshops.
- PREA database user training was provided to all newly assigned PCMs in U.S. Secure Services, Residential Reentry, and Youth Services.
- Employees, contractors, and volunteers received annual PREA in-service training as required by GEO PREA policies in 2020.

- **Assessment of Physical Plant Issues at Facilities**

Annual PREA Facility Assessments were conducted in all GEO U.S. Secure Services, Residential Reentry, and Youth Service facilities to identify areas needing improvement to enhance the company's ability to protect inmates, detainees, and residents from sexual abuse and sexual harassment. All recommendations for enhancements were submitted and reviewed by the corporate PREA coordinator and appropriate divisional authority. For example, to reduce blind spots, 28 facilities recommended adding or updating camera surveillance monitoring systems, 12 facilities added additional video monitoring cameras, 7 facilities added dome security mirrors, and 3 facilities recommended adding dome mirrors. Additional recommendations were made to add signs on doors in areas where no residents are allowed, install curtains and partitions for privacy, enhance the PREA education program with additional languages, add PREA investigators, improve the lighting, hire new staff to identify and monitor at risk-inmates, create pocket cards with important telephone numbers and facility codes for staff, develop and implement an internal perpetual audit system to self-identify any areas of weakness, install a Morse Key Watcher system, and install new door locks and remove interior locks.
